

**LAGOS  
BUSINESS  
SCHOOL**  
PAN-ATLANTIC UNIVERSITY

**LBS  
Sustainability  
Centre**

**Advancing sustainability for  
generations to come**

The Lagos Business School (LBS) Sustainability Centre is the first of its kind in Nigeria and has been mainstreaming ‘Sustainability Thinking’ in Africa for over a decade. The Centre consolidates theory and practice on sustainability, builds leadership skills and supports constructive dialogue and collaboration between business, government, civil society and academics in order to find solutions to critical sustainability challenges. We work with organisations to help them incorporate sustainable practices in their strategies, operations and develop innovative products and services that transform their communities and simultaneously generate economic value. This enables businesses to sustain livelihoods, reduce poverty, and contribute to national development as well as the achievement of the Sustainable Development Goals (SDGs). Lagos Business School Sustainability Centre achieved our goal through courses, research, dialogue forums and industry engagements in four main thematic areas namely:

- (1) Sustainable Development & Corporate Sustainability
- (2) Responsible Business & Leadership
- (3) Circular Economy
- (4) Nonprofit & Social Enterprise Management

Through strategic engagement with corporates, multilateral organisations, NGOs, LBS Faculty and expert facilitators, our committed team members design and deliver various programmes and research projects to equip business executives, nonprofit leaders, public sector administrators, media personnel, business students etc.

Lagos Business School is passionate about sustainability and good governance. A core pillar of the LBS learning experience is building a commitment in all our students for professional ethics and community service/impact. In line with this, the LBS Sustainability Centre also leads the internal sustainability initiatives of the school. This has been recognised in the [2021 MBA & BGA Excellence Awards](#) where the Centre was globally recognised as the best CSR initiative by a Business School.

More details are available in the [LBS Sustainability Centre 2020 Annual Report, please click here to download a copy](#)
